

New Delivery Service!

MID-SERV PREMIER PLAN

A more affordable delivery experience

- We have transparent pricing and a lower fee structure than the big-box delivery companies.
- Monthly Membership fee of \$9.99
- \$12 minimum per order (Big-Box delivery companies minimum per order is \$15). Savings of \$3 per order.
- Lower service fee (Big-Box delivery companies service fees are higher and fluctuate depending on certain variables they calculate into their pricing)
- \$0 delivery fee
- Online menu prices can be 25%-30% higher per order because of the commissions big-box delivery companies charge restaurants. We charge restaurants a lower commission per order than the big-box delivery companies which makes your cost lower per order.
- Big-Box delivery services can have you paying more for each order with extra hidden fees that you don't see that's added to make your order more costly at checkout: Those fees are a higher service fee on most orders as their service fee discount only applies to "eligible" orders, Long range fee, Small order fee., Delivery adjustment fee, Marketplace fee, and Priority delivery fee which your order may not get to you in the time you requested.

MID-SERV's motto is "**Delivery at Your Service**"
